

Jian Kalel D. Marquez

09626420273 | Angeles City, Pampanga | kaleldmarquez@gmail.com

Hardworking data analyst intern, motivated to learn and grow, with a passion for uncovering insights and applying them to solve real-world problems to support organizations in making informed decisions.

TECHNICAL SKILLS

- **Python** (Numpy, Pandas, Matplotlib)
- **SQL** (MySQL)
- **Google Data Studio**
- Google **Sheets**

SOFT SKILLS

- Teamwork
- Problem-solving
- Detail-oriented

PERSONAL PROJECTS

Vehicle Performance Analysis

- Used **SQL** to query, filter, and aggregate data, and **Python** to clean and transform datasets
- Performed an exploratory data analysis (EDA) to uncover opportunity trends and generate meaningful insights.
- Developed an interactive **Google Data Studio** dashboard to visualize key metrics and communicate insights.

Interactive Earthquake Dashboard

- Developed an interactive **Streamlit dashboard** to visualize global seismic activity data.
- Implemented dynamic filters for date ranges and sort order, improving data visualization and analytical insights.

Exploratory Analysis on Superhero Dataset

- Conducted **data cleaning and preprocessing**, including handling missing values and standardizing numeric columns.
- Implemented a standardized format for the dataset to improve clarity and consistency.
- Performed data visualization and exploratory analysis to uncover trends and insights in fictional character traits.

EXPERIENCE

Data Visualization Trainee

Jul 2026 – Aug 2026

Excelerate

- Served as a **project lead** throughout the internship, overseeing dataset validation and ensuring data quality using Google Sheets and Python.
- Performed **exploratory data analysis (EDA)** to uncover trends in opportunity sign-ups and generate insights.
- Developed an interactive **Google Data Studio** dashboard to visualize key metrics and communicate insights.

CERTIFICATES & ACHIEVEMENTS

- Hackathon Champion - Skydev Solutions Inc.
- SQL Basic - HackerRank
- Introduction to Data Analytics - Meta (Coursera)
- Relational Database - freeCodeCamp
- Python Essentials 2 - Cisco Networking Academy

EDUCATION

Holy Angel University

Bachelor of Science in Computer Science

Jul 2023 - Mar 2027
